

Your rental carts earn money on the road, not in a shop line.

The Fleet Uptime Program for Southwest Florida rental operators, from routine service to complex electrical repair

TRANSPARENT PRICING

\$75 / cart

SureCart Commercial Pit Pass

REQUIRED

This is mandatory for commercial service. Covers line-skipping, senior tech assignment and discounted labor.

\$100 / hour ~~\$125~~

Discounted Labor **SAVE \$25/HR**

Normally \$125/hr. Billed only once we start wrenching.

+\$100 / trip

Optional Pickup & Delivery

Up to two 4-seaters or one 6-seater per trip.

Save \$100: trailer your carts to our Sarasota facility yourself and skip the transport fee entirely.

HOW IT WORKS

1

Get your carts to us

Drop them at our Sarasota facility, or have our team pick them up for a flat \$100 per trip.

2

Commercial Pit Pass check-in

Every cart checks in with the \$75 Commercial Pit Pass, jumps the retail backlog and goes straight to our best in-shop mechanic.

3

Repair & rapid return

Once you approve, we fix it and get your revenue-generating cart back on the road fast.

WHAT'S INCLUDED WITH THE MANDATORY \$75 COMMERCIAL PIT PASS?

- ✓ **Commercial line-skipping.** Bypasses the standard retail backlog for immediate priority staging.
- ✓ **Senior tech assignment.** Your carts go to our best in-shop mechanic, not a general wrench turner.
- ✓ **Discounted commercial labor.** \$100/hr instead of our standard \$125/hr.
- ✓ **No surprise bills.** Diagnostics are capped at an initial 2-hour block at \$100/hr. If it runs longer, we pause, call you with a clear estimate, and get your sign-off first.

WHAT WE FIX: SIMPLE TO COMPLEX

Everyday fleet service: batteries, brakes, tires, lights and routine tune-ups. Send us the easy stuff too.

Plus the tough stuff:

- Complex electrical diagnostics and wiring harness tracing
- Controller replacements and programming (Navitas, factory units)
- Dashboard and throttle sensor communication failures
- Lithium battery conversions and system upgrades

WHAT WE DON'T TAKE

- Saltwater or flood-submerged carts (strict no-flood policy)
- Off-brand import knockoffs with zero documentation
- On-site driveway repairs (shop service and pickup/delivery only)

Ready to stop losing money to shop backlogs?

Call or text Josiah to set up your Commercial Pit Pass account today.
